HQ 4-port HDMI multiplier

General information

With this advanced splitter you can play a HDMI source, like a DVD player or satellite receiver, on four LCD or Plasma screens at the same time. Ideal for e.g. presentations. Thanks to the built-in enhancer the video as well as the the audio signal keep their quality level from the source till the transmission to the screen. The splitter also supports HDCP suited devices.

For an optimal sound and image use the high quality HDMI cables from the HQ series: HQSS High Performance Cable Solutions.
